

## FIRST STEPS ARE TAKEN

Towards Arranging for Splendid Fall Festival.

CHARLES G. COHN RESIGNS

As President Because of Business Demands.

COLONEL FITCH SELECTED

To Fill Vacancy—Executive Committee Is Named.

The first steps toward arranging for a festival in this city for next fall were taken last night at the Commercial club rooms when the members of the Fall Festival and Carnival association met and elected a directory to take charge of the arrangements. The meeting was called several days ago and the attendance at the business session last night was larger than anticipated owing to the various attractions of a social nature and otherwise in the city.

A short time after the business session was called to order by President Cohn, his resignation was announced in a few short words to the members of the association. This announcement came with a disarming effect, as it was anticipated that Mr. Cohn, who has been president for the past two years, and has so successfully had charge of the affairs of the two attractions which have placed Wichita above par when it comes to giving entertainments for the southwest, would again take charge of the festival, and in so doing would give the enterprise its customary successful outcome and make it another success. In spite of the protests which came from the members, Mr. Cohn could not be induced to reconsider his resignation. He stated that his business affairs were demanding his entire time and that on account of such conditions it would be impossible for him to take charge of the enterprise.

The resignation was reluctantly accepted and then came the proposition—who would be the next president? By a unanimous vote Col. Thomas G. Fitch, who has been identified with the upbuilding of Wichita for years, was selected as the president of the association, which position he accepted. Col. Fitch will at once take charge of the work and on the first of June will establish his office in the Commercial club room and remain there until it becomes imperative to move elsewhere in order to be more in touch with the business of the city.

After the election of Col. Fitch as president, an executive committee of prominent business men in the city was named to aid Col. Fitch in the enterprise. These men are: Charles G. Cohn, chairman; W. B. Jones, John L. Power, H. J. Gentry, A. H. Gentry, Ben. H. H. Goldsmith, H. J. Hays, C. W. Coker, Fred W. Doid, G. G. Gentry, Edward Vail, Geo. T. Walker and J. H. Howard. Within a few days a list of names will be added to this committee in order that its working force may contain the most prominent men in the city to take care of the fall entertainment.

At the meeting last night it was not decided, nor was it discussed just what kind of an entertainment Wichita would prepare this year for the people of the southwest. On next Monday night this matter will be taken up and the chances are that the date of the entertainment will be selected at that time. There is one condition, however, which must be met before the entertainment will be definitely decided upon and that is—are the merchants of the city willing to pledge the necessary amount of money in order for Wichita to give the southwest an entertainment this coming fall as the did last year and the year before? There is one thing certain in the minds of the committee, Wichita can never afford to take a backward step in the way of entertainments of the people of the great southwest, and with such material Wichita has the right to anticipate that her merchants will be a source of much pleasure during the summer. This concert, as has the open air entertainments in the past, will be free to Wichita citizens.

## Headache

Is often a warning that the liver is torpid or inactive. More serious troubles may follow. For a prompt, reliable cure of Headache and all liver troubles, take

## Hood's Pills

While they restore the liver, restore full, regular action of the bowels, they do not grip or pain, do not irritate or inflame the internal organs, but have a positive tonic effect. 25c. at all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

\$21,000

JEWETT FARM SOLD TO MR. UP-  
TON OF IOWA.

Was The Old Homestead of a Well  
Known Family.

The fine farm twelve miles above this city on the Big Arkansas river that has been owned for so many years by the Jewett family has been sold by its present owner, E. B. Jewett. The purchaser is J. J. Upton of Iowa and the price paid was \$21,000.

The sale was made through the real estate agency of Freeman & Freeman. The farm consists of 240 acres all first and second bottom land. It is one of the best farms in this county and it was on this place that the father of E. B. Jewett first settled.

When Mr. Jewett was in the city last Sunday he told a reporter for the Eagle that the real estate firm had about closed the sale. He said he did not need a farm as the present time, but he looked and when he talked about the old homestead, he admitted that he did not like the idea of parting with it. He said his father and mother had settled there when it was wild prairie and there they had lived their happiest days. The trees that he and his father had planted were growing there. Some of them were huge forest trees now and others were choice fruit trees in bearing.

The new owner is said to be a man of wealth, and the old Jewett farm is a likely to become less attractive in the future. It is in just such places as this that remind the remaining old settlers that they are passing away and that new men are coming to possess the country.

## LANDLORD TANGNEY ROBBED

His New Negro Porter Is Also Said to Be Missing.

D. J. Tangney, of the Tepke Avenue hotel, had \$100 stolen by a black thief yesterday morning or Sunday afternoon. Mr. Tangney had the money in silver in the cash drawer and had taken it out and locked it up in a box in the baggage room, to which he alone carries the key, and which is in the hotel desk counter. On Monday morning the money was gone and so was a new colored porter that had only been working at the hotel for two or three days. It has since been learned that the colored man had a key that fitted the baggage room, and that he got a master key of it for a lady guest on Sunday night, while Mr. Tangney was eating his supper.

At a late hour last night the colored man had not been apprehended and it is very possible that he has got out of town.

## SANFORD'S BAND CONCERT.

It Will Be Given at City Building  
Wednesday Night.

The first open-air concert of the season will be given by Sanford's band on Wednesday evening at the park south of the city building. The announcement that Col. Sanford would have charge of the concert has been met with delight by the citizens, for who know that under a star the wind of the Peerless Princess would be second to none. Such is the case, and the first public appearance will be tomorrow night. The fine ladies band stand will be occupied by the members of the association and the program of popular melodies will be presented to the music-loving people of the city.

The members of the band number twenty-one and they are selected from among the best musicians in the city. Indeed, many of them are well known to the public, and with such material Wichita has the right to anticipate that her band, in charge of a splendid musician, Col. Sanford, will be a source of much pleasure during the summer. This concert, as has the open air entertainments in the past, will be free to Wichita citizens.

## CAUSED ROUGH HOUSE

Free for All Fight Takes Place Near  
Packing House.

On Saturday night a free-for-all fight occurred at a house just west of John Linber's near the Cudahy Packing plant. A man named Mosley lives there with his family, and on Saturday night, it is said, three men, including Tony Patterson, went up there and tried to organize a rough house. They lined up the whole family and tried to make them dance. Mosley objected in a very forcible manner and in the excitement which followed, Patterson got a crack on the head with a good sized wooden staff. He says his skull is fractured. Patterson was arrested shortly after the rumble but the other men made a getaway. They were taken in last night by the police department and will have an opportunity today of telling Judge Stanley how it happened. The colleagues of Patterson are thought to be men named Conroy and Newman.

## GRACE BURK DEAD.

Inmate of Questionable Resort Succumbs to Effects of Morphine.

Miss Grace Burk is dead and all day yesterday her body lay at Muller's undertaking establishment waiting for her two sisters, who reside in the eastern part of this state, to arrive.

The young woman is supposed to be about 34 years of age and at the time of her death was an inmate of Leo Hall's place on Wichita street. A colored boy and girl came over from Leo Hall's place yesterday to bring some flowers for the undertaker to place on the coffin. They told a reporter for the Eagle that Grace was drugged all day Saturday. She went out with a young man to get supper and returned about midnight still intoxicated. They said she was in the habit of taking morphine and this suspended the back two much or by mixing it with the wine had caused her death, as she was found dead in her bed Sunday morning. Coroner McCollister will make investigation and would have done so yesterday if he had not been called to the city.

Mr. and Mrs. Joe Hammett visited over Sunday with Mr. and Mrs. W. J. Wendenburg and family.

## TEST OF MACHINERY

Everything Now Ready at  
New Canning Factory.

CAPACITY 25,000 CANS

How the Work of Canning  
Will be Conducted.

The Wichita Canning company tested its machinery yesterday afternoon, a large crowd witnessing the operation. All the different machines worked to perfection, not a flaw was noticed. This is one of the largest canning factories in the west, having a capacity of 25,000 cans per day. The machinery is of the latest pattern and was built by the Hastings Industrial company of Chicago, the construction being under the charge of B. F. Simmons. Mr. Simmons said this was one of the finest plants he had built and he has been with the company since 1892. Everything possible is done with machinery. The tomatoes are soaked, then scraped by hand and put into the filler which fills 2,500 cans per day. The cans are washed by machinery and the soldering and put on at the same time. The cans are then passed to the soldering apparatus. The goods are cooked after being canned. The cans are put in crates and few large coolers are in position. The crates are handled by a traveling overhead crane. Six peeling tables with room for eight persons each are provided.

The officers are: O. B. Clark, president; M. Fawcett, secretary; R. E. Lawrence, treasurer. The company was organized February 20, with a capital stock of \$12,000. They have already received inquiries for six cars of goods.

## AN UNKNOWN MAN

Frison Fearfully Hanged Him Yesterday Morning.

An unknown man was run over and instantly killed yesterday morning by Frison freight train No. 18 near Bentley.

No. 18 left Wichita at 4:15 in charge of Conductor Gear and got into Bentley a little before 5 o'clock. A few miles the other side of Bentley the engine was stopped by a man lying on the track between the rails and he immediately reversed the lever and put on the air brakes, but the train was so close to the man and on a slight down grade that it was impossible to stop in time and the unfortunate man was ground to dust under the iron wheels.

As soon as the train could be stopped the body was got out from under the cars and put on the air brakes, but the train was so close to the man and on a slight down grade that it was impossible to stop in time and the unfortunate man was ground to dust under the iron wheels. As soon as the train could be stopped the body was got out from under the cars and put on the air brakes, but the train was so close to the man and on a slight down grade that it was impossible to stop in time and the unfortunate man was ground to dust under the iron wheels.

## DEACON WILSON INJURED.

Yearling Colt Fractures Two Ribs for Him.

Deacon Wilson walked leaning over to one side yesterday to ease as much as possible a couple of fractured ribs. Since the "bold" male Deacon Wilson owns some fine horses and he wants to train them properly so they will be safe to drive. He went out in the pasture field on Sunday evening to bring in one of his fine yearlings. He rode his horse up to the fence and tied the halter strap around a post. The colt came and he put the halter on him, when one of the boys working on the farm came up behind him. The colt did not have as much confidence in him as he did in the Deacon. He tried to get away and jumped onto the Deacon, throwing him across the top with which the other horse was hitched. He was unconscious when he was taken out and he says the boys scoured his head into the watering trough and brought him to life. His friends were congratulating him yesterday that he got off as well as he did.

## BUILDING PERMITS GRANTED

Houses Are Still Going Up All Over  
the City.

The demand for building sites still continues and realty dealers say that the supply is limited. The following permits were issued in the past week by Fire Chief Wainwright:

J. E. Jay will build a six-room house on University Avenue on the West Side to cost \$1,000; H. Cox is building a twelve-room frame on Wabash Avenue, to cost \$1,800; Carl Kline will build a residence at 215 Santa Fe to cost \$1,400, and J. W. Wilmore will build on Cleveland Avenue a cottage to cost \$600; A. H. Williams is erecting a six-room residence on Washington Avenue, to cost \$1,500, and William Pirle's new residence on Waco, near Ninth, will cost \$2,000.

## FIRE DESTROYED THEIR ALL.

Family in Sad Circumstances on  
North Main Street.

Fire last week destroyed the home of Mrs. Laura Schofield, 121 North Main street. It was reported as a small blaze, but what seems insignificant to the powers sometimes has a heart-breaking story. The burning of the house was not either by the flames or by the chemicals used to extinguish the fire. Mrs. Schofield is alone in the world—her husband with her life centered in her two children, and the gloom overshadowing the charred walls of the home makes the burden of comparative poverty all the harder to bear. The ill-fortune rendering the whole family dependent upon the charity of friends and acquaintances.

Mrs. Schofield was away to regain her health, but the benefits of the visit are scarcely perceptible. The original cause is supposed by some growing malady, as the rooms were unused during her absence. There is some insurance upon the property, but the woman is financially embarrassed while waiting for the adjustment.

## BROKE HER ARM.

Little Anna Dando Fell Off Porch  
Steps Sunday.

Little Anna Dando fell from the front porch of her home Sunday and fractured the right arm at the wrist. She is only two years old, and is starting to learn a visiting neighbor a handkerchief, but her balance and fall. Although the accident was a severe one, the little girl did not cry and showed nerve when the physician set the fracture. She is doing well.

## What Shall We Have for Dessert?

This question arises in the family every day. Let us answer today. Try Jell-O, a delicious dessert. Prepared in two minutes. No cooking. Add hot water and get to eating. Jell-O—Lemon, Orange, Raspberry and Strawberry. At every grocery. 10 c. pk.

## AT Cash Henderson's Sale of Lawn Wrappers Today

119-121 NORTH MAIN.

## It's Barely Possible

That you don't know the word "quality" is very essential in this good clothing store, and that the quality you buy is always there. It's not necessary for us to force a sale upon you, because you can see this quality, and when you get it you get a garment that will last and give satisfaction. Our policy is to please you now, and in the future we know you will be back, and we are here to show you. Should you be dissatisfied with your purchase you know we always cheerfully refund your money.

Herman & Hess

## Hammocks

Hammocks are used more than rockers during the spring, summer and fall. You want one or two on your porch, in the yard, and several when you go picnicking. We have the finest line in the city lowest price. That's what our customers tell us. Come and see for yourself. We're pretty near sold out our Refrigerators, but have another shipment on the way. Will be in soon, and we have a few

## Alaska Refrigerators

In stock. You can't equal them. The same applies to our JEWEL GASOLINE STOVES. They are built right. Come in and examine them.

## G. R. FOLLETT & CO.

THE WHITE FRONT HARDWARE.  
Phone 412. 123 E. Douglas Avenue.

The Daily Eagle Delivered 10c a Week

## The Most Popular Minister

In Wichita or Sedgwick County

Will be presented with a free trip to Buffalo and a week's visit to the Pan-American Exposition and Niagara Falls and return

## Free From All Expense

## Market Report Bulletin

We have made arrangements by which we will receive by telegraph the market quotations from Wichita, Kansas City and Chicago three times every day and will bulletin the quotations from these places in our store hereafter. Wichita people can learn the condition of the livestock markets without going to the stockyards. Out-of-town people, when in the city, are invited to come in and learn the price of hogs, cattle, etc., from our bulletin board.

You'll find it just as easy to learn what great values we are giving in Clothing, Hats and Furnishing Goods. Every article is marked in plain figures on stock label, and these prices will always be the lowest, regardless of the rise and fall of the livestock market. Our plan, "Small profits on a large scale," insures our customers the most value for their money always.

C. R. FULTON

Wichita's Greatest Clothing Store.

## Straw Hats

Our stock is selling rapidly. The best stock to select from and lower prices than elsewhere.

## THE GOLDEN EAGLE
